Congratulations to Phoebe Burbury

Congratulations to Phoebe Burbury of Year 10 on her great success in the recent Australasian English competition.

Phoebe earned a Distinction in this very challenging competition and ranked in the top 8% in her category. The facts that the competition covers all of Australia and countries beyond and that many schools only allow very high achieving students to participate add to her success.

This Distinction follows Phoebe’s Distinction in the Science competition earlier this year.

Well done Phoebe and well deserved.

Music Count Us In

Last Thursday, Primary and Secondary students gathered at the hall to take part in Australia’s biggest school initiative, “Music Count Us In”. Some 500,000 children; 2100 schools participated. Schools gathered at various venues and sang “Paint you a Song “.

With the aid of ”Streaming” we sang with schools from Canberra who had congregated at Parliament House. Thank you to Mr Vickers who helped us organise this technology.

Interested parents can view other school performances on YouTube /google using key words” Music Count Us In”. 
The Croods
The Croods is a family that is afraid of experiencing new things and living a normal and open life. But instead they are a very enclosed family. They suddenly meet a young man named Guy and he guides them through and proves to them that they don't have to be afraid and discovering new things is part of life. Suddenly the news is broken to them that the world is coming to an end. So they set off on an adventure to find high ground and ride the sun to tomorrow. They choose to follow Guy and Grug is finding it hard to get along with him due to that reason. The family is tragically torn apart but come together in the end and live happily ever after.

My personal favourite character is Grandma because she is so funny. She is the mother of Ugga and Grand-ma to the rest of the family.

The main theme or message in the movie is that Grug always says to never not be afraid. But he learns to always try new things.

I would recommend this movie to all ages over 5, because I think it is a fun movie and it is full of humour and there is a life lesson in there so I think it would be a great movie for all ages especially children. I rated this move a 4 out of 5.

Movie review The Croods
Eep the daughter always wants to explore which Grug the father doesn’t like. One night Eep sneaks out and sees a yellow light she tries to get to. She catches it and she thinks it is the sun, she also meets a guy called Guy. Guy goes back to the family and Grug is frustrated at Guy.

My favourite character would have to be Belt because he is cute and is always cheeky and funny.

The message would have to be always listen to your parents because they’re trying to keep you safe and never not be afraid of changes.

I would recommend this movie to my dad because Grug really looks like him and also kids 4 and up, it’s a great movie.

Rating is five stars. By Paige Williams

Thank You Mrs Akhurst

Congratulations to Brayden Krauss, Cheyanne Walsh and Dannica Charles who are the tennis champions for 2014. Thank you to Mrs Akhurst for umpiring and running the competition during lunchtime and for donating the trophies.
For the last four weeks Mrs McCabe has been completing her second teaching practicum at Ashford Central School. She is training to be a TAS teacher, specialising in Food Technology and Textiles and Design. As part of the unit “Food for Special Occasions”, Mrs McCabe made gingerbread houses with the Year 9/10 Food Technology class. The students made the gingerbread dough and rolled, baked and decorated the gingerbread houses. They look amazing!

Mrs McCabe and some of the students made a larger *ginger bread house to raffle* to raise money for equipment for the Food Technology room. The gingerbread house is on display at the Front Office. *Tickets are 50 cents each* and are available from the students in the Food Technology class and also from the Front Office.

I would like to thank Mrs McCabe for her kind donation and her efforts while she was on Prac. I wish her all the best in her teaching career.

Unfortunately, there were other students’ work that we could not display due to the non return of the permission to publish notes.

Creative Workshop
Monday, 10th November 2014

"Intuition" is a collection of works that showcases my need to listen to my own thoughts and feelings. Many of us put others first, especially women, as mothers and grandmothers our own needs are often set aside for the needs of others! In these works I have expressed my desires for my inner creative energy to shine through! Symbolising the need to listen to my own intuition more and not let others control how I feel! The need for self-expression was paramount in my journey."
